At the end of this project, I want to take the opportunity to express my satisfaction for the overall performance of Atrium Custom Homes.

...From approval to delivery to set-up, siding and roofing you completed your contract in less than 8 weeks.. Some of our agreements were even concluded with a handshake and you delivered on your commitments. This is rare these days.

I am a contractor and would not hesitate to recommend Atrium Custom Homes.

P.Z. Construction / Wakefield

"Building our new home has been an incredible process that has resulted in a "home"... We are pleased to accept the compliments of friends and neighbors who now see the final outcome of a set of ideas that took much nurturing to complete."

"Most people aren't aware of the hours necessary, and thankfully encouraged by you, to personalize and customize our home. We were also very pleased to receive the compliments of several other builders who stopped to take a "quick look" at the "modular house"... they came looking to criticize but left giving our new home high marks for quality of materials and design and particularly the uniqueness of our layout."

"Your expertise and experience has been invaluable to us."

J. & M. D / North Reading

It is difficult to know where to begin to express my gratitude and appreciation for what you have enabled me to co-create. Through your genius of being able to listen to my desires and manifest these ideas into a piece of beauty is truly an artist's way. My new home is something I am deeply elated with..

Your aesthetic sense has provided the finishing touches to a house that started very simply to a lovely charming home. I am very proud of this new home.

...All building ventures are stressful and I do not deny the stress that occurred and I must truly say how grateful I am that you were my General Contractor and friend during this venture. You were my beacon of light with your wisdom, humor and sensibilities, which kept things in balance. I must also thank you for being a person of integrity. I appreciated your honesty and your 200% commitment to the undertaking of this task.

...The end product ...is a magnificent home. And this is attributed to your brilliance.
